PART 4. ACCELERATED FORECLOSURE INFORMATION

Certain assessment or bond issues may contain accelerated foreclosure liens which have priority over other real property taxes and are a legal right included as part of the security for the obligation. The issuers of such bonds are often contractually required to monitor and collect delinquent assessments quickly. Accordingly these assessments are not subject to the five (5) year waiting period applicable to ad valorem real property taxes. If the real property is subject to such an assessment and the taxes are not paid promptly, the real property may be foreclosed upon and sold at public auction on an expedited basis. Therefore, it is extremely important that the real property tax bill be paid on time to prevent the accelerated foreclosure.

If the Residential Property is subject to an assessment or bond issue with an accelerated foreclosure lien, the detailed information is disclosed below.

D. GENERAL INFORMATION REGARDING AD VALOREM TAXES

County assessors must value property in accordance with the California Constitution and the California Revenue & Taxation Code and related laws and regulations.

Full cash value, also known as "market value" or "fair market value," means the amount of cash or its equivalent which property would bring if exposed for sale in the open market.

A property's "base year value," for real property assessed under Proposition 13, is the property's full cash value as of the date of the latest change in ownership or completion of new construction.

An "adjusted base year value" (sometimes also referred to as the "factored base year value") is the property's base year value adjusted by an annual inflation factor, not to exceed two percent (2%) per year.

Taxable value is the value upon which the base property taxes are calculated. For most real property, this is the adjusted base year value or the property's current market value, whichever is lower.

The assessment roll is the official list of all assessable property in the county.

The lien date is the "moment" of valuation for all property. Annually, the taxable status and value of property is determined as of 12:01 a.m. on January 1. The fiscal tax year runs from July 1 to June 30.

Proposition 13 limits the general property tax rate to one percent (1%) of the assessed value, plus an amount for the debt service on any bonds approved by popular vote. The tax rate will vary depending upon where the property is located.

PART 6. SUPPLEMENTAL TAX INFORMATION

A. SUPPLEMENTAL TAX DISCLOSURE

The following notice is mandated by California Civil Code Section 1102.6c:

NOTICE OF YOUR 'SUPPLEMENTAL' PROPERTY TAX BILL

"California property tax law requires the Assessor to revalue real property at the time the ownership of the property changes. Because of this law, you may receive one or two supplemental tax bills, depending on when your loan closes.

The supplemental tax bills are not mailed to your lender. If you have arranged for your property tax payments to be paid through an impound account, the supplemental tax bills will not be paid by your lender. It is your responsibility to pay these supplemental bills directly to the Tax Collector.

If you have any question concerning this matter, please call your local Tax Collector's Office."

C. GENERAL INFORMATION REGARDING SUPPLEMENTAL TAXES

California law mandates the county assessor to reappraise real property upon a change in ownership or completion of new construction. The assessor's office issues a supplemental assessment which reflects the difference between the prior assessed value and the new assessment. This value is prorated based on the number of months remaining in the fiscal tax year which ends June 30.

Notices of the supplemental assessment are mailed out to the property owners prior to the issuance of the supplemental tax bill or refund if the value is reduced. The taxes or refund based on the supplemental assessment are in addition to the regular annual tax bill.

The supplemental tax will be due from the current owner in addition to the regular tax assessment. Accordingly for the first year of ownership, Buyer should plan for this additional payment.

PART 7. TRANSFER FEE/TAX ADVISORY: Governmental and Private Assessments Paid at the Close of Escrow

- **Private Transfer Fee.** This is a fee imposed by a private entity such as a property developer, home builder, or homeowner association, when a property within a certain type of subdivision is sold or transferred. (It is commonly known as a "Private Transfer Tax".) It is NOT the same as a city or county Documentary Transfer Tax. A Private Transfer Fee may apply in addition to government Documentary Transfer Taxes that are due upon sale or transfer of the Property.
- **Documentary Transfer Tax.** This is a government tax imposed by a city or county when a property within the jurisdiction is sold or transferred. (It is commonly known as a "Real Estate Transfer Tax".) It is NOT the same as a Private Transfer Fee, which may be imposed by a private entity such as a property developer, home builder, or homeowner association.

A. PRIVATE TRANSFER FEES -- DISCLOSURE REQUIRED EFFECTIVE JAN. 1, 2008

Transfer Fee Defined. California Civil Code Section 1098 defines a "Transfer Fee" as "any fee payment requirement imposed within a covenant, restriction, or condition contained in any deed, contract, security instrument, or other document affecting the transfer or sale of, or any interest in, real property that requires a fee be paid upon transfer of the real property." Certain existing fees such as governmental fees, court ordered fees, mechanic lien fees, common interest development fees, etc. are specifically excluded from the definition of "Transfer Fee."

It is estimated that fewer than 1 in 10 California homes is subject to a Private Transfer Fee. To determine if the Property is subject to a Transfer Fee, OBTAIN COPIES OF ALL OF THE EXCEPTIONS LISTED ON THE PRELIMINARY (TITLE) REPORT FROM THE TITLE COMPANY AND READ THEM TO DETERMINE IF ANY TRANSFER FEES ARE APPLICABLE.

Effective January 1, 2008, if the payment of any Transfer Fee is required in the sale or transfer of the Property, Civil Code Section 1102.6e requires Seller to notify Buyer of the existence of the fee and to disclose certain specific information about the fee.

Content of Disclosure. Civil Code Section 1102.6e requires the Seller to disclose specific information about any Transfer Fee that may affect the Property. If a Private Transfer Fee affects the Property, refer to C.A.R. Form NTF (11/07), provided by the California Association of Realtors®, for a standard format to use in making the Transfer Fee disclosure.

BERKELEY, ALAMEDA COUNTY, CA

APN: 063-2970-008
Report Date: 12/14/2007
Report Number: 203294

How to Determine the Existence of a Transfer Fee. If a Transfer Fee does exist affecting the Property, the document creating the fee may be on file with the County Recorder as a notice recorded against the Property and should be disclosed in the preliminary (title) report on the Property. However, the preliminary (title) report will merely disclose the existence of the documents affecting title, not the content of the documents. The title of a document may also not be sufficient to disclose that a Transfer Fee is included in its terms. Accordingly Seller should (a) request the title company which issued the preliminary (title) report to provide copies of the documents shown as "exceptions," and (b) review each document to determine if it contains a Transfer Fee.

Parties are advised that documents regarding any Transfer Fee should be obtained early in the sale process in order to avoid delays in the transaction process and to ensure full disclosure as required by law.

B. DOCUMENTARY TRANSFER TAXES

Transfer Tax Defined. Under California Revenue and Taxation Code Sections 11911-11929, counties and cities are authorized to impose a tax on the transfer of real property located within their jurisdiction. The tax is commonly known by various names, including the Documentary Transfer Tax, or Real Property Transfer Tax, or Real Estate Transfer Tax (hereinafter, the "Transfer Tax").

How Much? The "one-time" payment is made at the close of escrow and routinely documented on the HUD-1 Settlement Statement. The amount of the Transfer Tax is typically based on the value or sales price of the real estate that is transferred. The county rate is one dollar and ten cents (\$1.10) for each one thousand dollars (\$1,000) of value. The rate for non-charter ("general law") cities is one-half of the county rate and is credited against the county tax due. Charter cities may impose a Transfer Tax at a rate higher than the county rate.

For any city or county in California, the Transfer Tax rate ("Tax Rate Table") is available at no charge from many sources, most conveniently on the website of the **California Local Government Finance Almanac** (sponsored by the California League of Cities):
<http://www.californiacityfinance.com/PropTransfTaxRates.pdf>

To estimate the Transfer Taxes for the Property, multiply the Property's estimated sales price (in thousands of dollars) by the amount shown in the Tax Rate Table for the city and county in which the Property is located.

Who Pays? The law states that, "the Transfer Tax must be paid by the person who makes, signs or issues any document subject to the tax, or for whose use or benefit the document is made, signed or issued." In practice, this means that the payment of the Transfer Tax is customarily made by the Seller or the Buyer, or shared by both, depending on the jurisdiction in which the transferred Property is located.

PART 8. METHODS AND LIMITATIONS -- PLEASE READ!

This Part will summarize (a) the methods used in creating this Report, (b) the limitations with respect to the data provided, and (c) the responsibilities and liabilities of FANHD under this Report. Please read this entire Part 8 carefully to understand the limitations of this Report and FANHD's responsibilities.

A. LIMITATIONS ON TAX INFORMATION

FANHD has accurately reported the information in the Databases as of the dates of each Database as specified in Part 2 ("Database Dates"). With respect to the Databases, it is important to understand that:

- The Databases may not be accurate, current, fully detailed, or complete.
- A parcel of real property may be subject to an assessment district that has been approved but not created as of the Report Date.

California Property Tax Disclosure Report TM

BERKELEY, ALAMEDA COUNTY, CA

APN: 063-2970-008
Report Date: 12/14/2007
Report Number: 203294

- Changes may have occurred in the Databases since the Database Date specified above.
- There may be other governmental databases with relevant information which are not included in this Report.
- Personal property taxes are not included in this Report.
- Supplemental taxes can be assessed based on improvements to the real property after they have been completed and the assessor becomes aware of same. Supplemental taxes are not included in the Databases.
- Assessment districts which have been created but not funded are not included.

B. FANHD DOES NOT CONSTANTLY CHECK DATABASES FOR CHANGES

Each Database used in this Report is updated by the applicable governmental agency at various intervals as determined by that agency having responsibility for the database ("Responsible Agency") and may be made at any time and without notice. FANHD maintains an update schedule and makes reasonable efforts to use updated information but it cannot feasibly do so on a constant basis, and the complexities of obtaining and adapting the data into a usable format for preparing this Report necessitates some delay once the updated information is obtained. For these reasons, FANHD reports information as of the date when the Database was last updated by FANHD which specific date is specified as the "Database Date" for each Database in Part 2.

C. LIMITATIONS IN THIS REPORT

FANHD does not make any representations as to:

- The accuracy, validity or completeness of the Databases.
- Any information in a Database after the Database Date for that Database.
- Any information regarding the Residential Property after the Report Date.

This Report only provides information electronically derived from the Databases in accordance with the Methods and Limitations.

D. ONLY THE PARTIES MAY RELY ON THIS REPORT

This Report is valid, the Parties may rely on the Report, and a contract is formed with FANHD, **only** upon receipt by FANHD of payment of the full price of the Report.

This Report may be relied upon only by the Parties to the transaction for which it has been purchased. This Report cannot be relied upon (a) by any persons other than Seller, Buyer and their Agents, (b) for any other real property, or (c) for any future transactions involving the Residential Property. The price paid for the Report does not include any amounts for protection of such other parties.

D. LIMITATIONS ON FANHD'S LIABILITY

Given the limited nature of this Report, and the fact that FANHD is reporting, not assuming liability, FANHD is not responsible for:

- Any inaccuracies or incompleteness of the information in the Databases.
- Inaccurate address information provided for the Residential Property.
- Any other information not contained in the specified Databases.
- Any information known by one of the Parties.
- Any changes to the information in the Databases after the Database Date.

This Report is not an insurance policy and does not provide the same protections as an insurance policy. It does not obligate FANHD to defend any Party against any claims, and FANHD shall not have any duty to defend against any claims pursuant to California Civil Code § 2778 or otherwise. The price of this Report has not been based upon any responsibility for defense costs, nor for assumption of all tax liability. The premium for an insurance product would

be significantly greater than the cost of this Report. The Parties acknowledge that claims for damages beyond actual losses can significantly increase the costs of Reports and make prompt resolution of claims more difficult. In order to induce FANHD to provide this Report for the price charged, and to help streamline the process of resolving any disputes between the Parties and FANHD, Buyer, Seller and Agents agree that if there is a material error or omission in this Report:

- The Party who suffers damages as a result of such error or omission shall be entitled at most to recover from FANHD the actual proved damages measured by the difference in the fair market value of the Residential Property as of the Report Date, caused by the error or omission but not in excess of the present value of the total tax amount under-reported which would payable for a five (5) year period.
- FANHD shall not be liable for indirect, consequential, or punitive damages (including, but not limited to, emotional distress or pain and suffering).

FANHD shall not be liable to a Party for any matters known to that Party or its Agent (including errors in this Report) and not disclosed in writing to both the other Parties and FANHD prior to the date the Residential Property is sold by Seller to Buyer.

E. SELLER AND SELLER'S AGENT'S RESPONSIBILITY OF FULL DISCLOSURE

Sellers of real property and their Agents should always fully disclose all material facts regarding the real property which they are selling. Regardless of the information in this Report, if Seller or Seller's Agent has any actual knowledge of tax information potentially affecting the Residential Property, that information should be promptly disclosed in writing to the Buyer and the Buyer's Agent.

F. OTHER AGREEMENTS

This Report sets forth the complete, integrated agreement between FANHD and the Parties. Environmental Services, Inc. was retained to perform a limited scope clearance inspection of the property referenced above. Our inspector collected a total of **ten (10)** samples at the location. This is a report of the inspector's findings.

The **visual inspection** of the property yielded the following results:

- No visible fungal contamination was present in the containment areas with active containment.
- Active water leaks are occurring at the rear exterior wall and windows. The moisture barrier is deteriorated in numerous areas and should be repaired/replaced.

The **surface samples** collected at the property yielded the following:

- No elevated levels of surface fungal spores exist in the samples collected at the time of our inspection in the containment chambers where remediation was completed.

All samples taken for the clearance tests were tested to be at acceptable or normal levels. The water intrusion issues must be repaired or future contamination and damage may occur.

Environmental Services would like to thank-you for retaining us for this inspection. Please feel free to contact us with any questions or concerns.

Re: Engineering inspection – 954 Keeler Avenue, Berkeley, CA

Dear Mr Bowers:

At your request, I have returned to your home to re-inspect it. My previous inspections were completed in September of 2003 when I conducted an engineering inspection of the property, and on March 8, 2006 when I re-evaluated seismic retrofit needs.

The condition of the home's foundation framing, and seismic retrofit upgrade needs have not changed in any significant way since I visited the property in March of 2006, and in no way that I can discern since I was to this property in 2003. In fact it is true that I am able to identify no detectible changes to the home, its foundation, or its framing.

This inspection of foundation work described in my earlier report is still not in place. This work can be completed as described in my earlier report. It may have to be amended somewhat to conform to changes in the City's requirements for this work, including: 1) design requirements which will probably now require an additional two to four diagonal Chance Anchors as tiebacks, 2) new requirements for field testing of chance anchor torques, and in some cases 3) possibly new(2008) requirements for geotechnical reports on foundation work. Coupled with inflation, this could double the cost of the foundation work described in my 2003 report.

The repairs to the framing in the attic, and the crack repair are also not completed at this time. These costs have also risen in the interim. You should have a contractor re-estimate this work.

Section 12413.1 of the California Insurance Code, effective January 1, 1990, requires that any title insurance company, underwritten title company, or controlled escrow company handling funds in an escrow or sub-escrow capacity, wait a specified number of days after depositing funds, before recording any documents in connection with the transaction or disbursing funds. This statute allows for funds deposited by wire transfer to be disbursed the same day as deposit. In the case of cashier's checks or certified checks, funds may be disbursed the next day after deposit. In order to avoid unnecessary delays of three to seven days, or more, please use wire transfer, cashier's checks, or certified checks whenever possible.
